IEEE CCEM 2019

September 19-20, 2019

The Oterra, 43, Electronics City,
Hosur Road, Bangalore

Call for Techno-Business Plans Showcase

The Techno-Business Plans showcase session at CCEM enables start-up companies, established companies, professionals, students, and faculty to demonstrate cutting edge new capabilities and ideas in the field of cloud computing being taken into the world of product and/or service offerings. Reviewed and accepted proposals will have a dedicated space for presentation and demos.

The CCEM Conference has showcased innovative technologies in previous years, and these sessions have been very interactive with the conference audience that has also included reputed venture capitalists. TechnoBizPlan proposals should typically include an overview of the technology innovations being leveraged, top use cases for the innovation & product/service offerings, comparison to competing technologies and alternatives, market analysis, financials, risk assessment & mitigation and link to a three minute or less uploaded youtube video demo.

Please follow the paper/proposal template mandatorily as given in the website. The top six submissions will have an opportunity to present an elevator pitch before the conference participants. The best pitch will win the "8th IEEE CCEM 2019 TechnoBiz Plan Competition Award". A short but substantial 3 pages writeup as per template above of the accepted TechnoBiz plans will be published to be part of "8th IEEE CCEM 2019 Conference Proceedings-B" and will be published on our website.
